

VC02SW

**Meter Box Switch Enclosure**

VC02SW conforms with BS EN 60947-3:2009+A1:2012 which facilitates the installation to comply with BS 7671 IET Wiring Regulations, in particular guidance given in table 53.4. It benefits from twin cable clamps which have been additionally proven to secure insulated and sheathed meter tails with conductor sizes ranging from 16-35mm<sup>2</sup>. This unique feature greatly reduces the strain on the switch terminals reducing the likelihood of loose electrical connections.

The anti-tamper screw cap is a unique feature of VC02SW, allowing the supply authority to simply secure the main cover in place following installation. The device can also be locked in the open/off position with the appropriate Hager accessory.

Description

Enclosed Switch Disconnecter
