

Latching relay 1NO 12V

EPN511

Technical Properties	
Tightening torque	1,6Nm
Type of contacts	1NO
Rated operational voltage Ue	250 V
Max. power with incandescent lamps	1800 W
Type of connection	with screw
Connection cross-sect. flexible conductor	1 / 6mm²
Connection cross-sect. rigid cable	1,5 / 10mm²
European directive WEEE	concerned
Frequency	50/60 Hz
Operating temperature	-5 40 °C
Storage/transport temperature	-40 80 °C
Protection index IP	IP20
