

## RCCB 2P 40A 30mA A Class

## CDA240U

| Technical Properties                                  |                         |
|---|-------------------------|
| Rated current   | 40 A                    |
| Rated residual operating current                      | 30 mA                   |
| Number of poles                                       | 2 P                     |
| Neutral position                                      | right                   |
| Number of modules                                     | 2                       |
| Frequency   | 50 Hz                   |
| Breaking and opening capacity                         | 1,5 kA                  |
| Residual current trip mode                            | Undelayed               |
| Residual current type                                 | Α                       |
| Short-time delayed tripping                           | no                      |
| Rated conditional short-circuit current Inc according | 6 kA                    |
| to EN 61008-1   |                         |
| Depth of installed product                            | 70 mm                   |
| Height of installed product                           | 83 mm                   |
| Width of installed product                            | 35 mm                   |
| Total power loss under IN                             | 6,24 W                  |
| Operating temperature                                 | -25 40 °C               |
| Standard text   | BS 61008-1 ; EN 61008-1 |
